

Industrial Andon Screen

With a 75" (191 cm) LED display and the 1920x1080 resolution, Tueks Andon Display are designed to meet industrial operating conditions. The wide screen and bright screen make it easy to follow from a distance.

Protected by 5mm tempered glass sealed for dust protection. It is painted with electrostatic paint. There are ventilation ducts and ventilation fans.

**The product is shipped with 80x80x2.5mm carrier feet for mounting and 8mm flanges for connections.*

Technical Specifications

Screen Size	75" (191cm)
Display Resolution	1920x1080 16:9
Processor	4-Core 900 MHz ARM Cortex A7-CPU
RAM	1GB
Storage	8GB
Ethernet	10/100 Mbit
USB	4x
HDMI	1x
VGA	1x
Power Consumption	360 Watt
Voltage Range	AC120 / 230V
Operating Temperature Range	0 / 50°C
Operating Humidity Range	%5 - %80 (Non-condensed)
Protection Class	IP65
